Welcome! Did you find a Manassas Tea Party card like this on your car or did someone go out of their way to present one to you? If so it was because we noticed you had similar values to our organization. Perhaps it was a Tea Party license plate, or a Gadsden flag decal that caught our eye. But whatever it was we wanted you to know we are like-minded.

The liberal media wants you to believe you are out of step, there are few like you in this county, and the Tea Party movement is dead. And at times it may seem like that. However,

that's just the old divide and conquer strategy. And it's not true. Take the Manassas Tea Party. Our organization has hundreds of members (and growing) who are united and have the same values as you.

Haven't you ever considered going beyond just expressing your support with a bumper sticker or decal? Why not join up with other similar-thinkers and defeat that "divide and conquer strategy?" By being united we can together be stronger and more successful at preserving constitutional principles at every level of government. Why not get involved with the Manassas Tea Party?

We get it that folks are busy and many are working hard to make a living. We have the same issues. But let's not forget how hard it was for the founders of this great nation who pledged their lives, their fortunes, and their sacred honor, as most wound up giving all three. Nor can we forget the brave that fought to keep this country free. So only giving up a few hours a month of your time in support of causes you believe in is a relatively small sacrifice.

Ready to take a small step forward? Start by checking out this website. Or take a look at our [Facebook page](#). Want to start receiving our emails? Fill out the info on the "Join Us" page on this website. How about getting together face-to-face with people on the same wavelength as you by attending our monthly meetings? We meet on the first Tuesday of the month, usually at the Manassas City Hall Council Chambers located at 9027 Center Street in Old Town Manassas. What other things do we do? Take a look at a few of our past activities on the "About Us" page. But the important thing is to take that first step. Start today. We welcome having another likeminded lover of freedom join our "family" in our quest to regain control of local, state and federal government and return it to the founding principles of limited, constitutional government. You'll feel right at home friend.

Keep Fighting,

Dan Arnold
Manassas Tea Party Chairman
